Today's Activities:

10:45am "Making the Bible Smaller"

Have you ever felt overwhelmed by how much there is in the Bible? Do you feel like others always seem to know more than you? Or maybe you've just wanted some way to string together the many Bible stories you have learned throughout the years. You are invited to join Pastor Kevin in the Fellowship Hall following the worship service on May 28 and June 4 as he continues to share some beginning steps to grow in your study and learning of the Bible. Whether you are well versed, or simply starting out, this casual and commitment-free time of learning will have something for everyone. All ages are welcome to join in.

Visitors & Guests

We are glad you have joined us and invite you to fill out a "Get Connected" card. The cards are located in the pews and can be dropped in any of the offering boxes.
